

INVITATION

24 & 25 March 2023

Dolce La Hulpe, Brussels

bmuc.be/bmuc2023

Introduction

Dear colleagues,

We are pleased to invite you to the 10th edition of BMUC (Belgian Multidisciplinary Meeting on Urological Cancers), taking place on Friday evening 24 March and Saturday morning 25 March 2023 in the beautiful Dolce La Hulpe Hotel in La Hulpe, Brussels.

Before the start of the official BMUC programme on Friday evening, the “Clinical trial meeting” is scheduled for colleagues interested in developing/collaborating in academic trials.

We will start this interactive meeting officially at 18:05 with a session on “Metastatic prostate cancer: how to handle the new tools in CRPC?”, followed by a session on “Penile cancer”. These sessions will be given by renowned national and international experts and will be discussed afterwards.

On Saturday morning, the official programme will start at 08:30. On this day, treatment options for different GU cancers will be covered by experts in the field. We are delighted to welcome many important speakers for this day. After the coffee break, the poster price will be handed out to the abstract winner.

After the meeting, you can enjoy the lunch in the Redwood meeting room, where you can meet the experts and discuss with your peers. Overnight stay is offered for residents & students, a fee of 70 euro will apply for physicians and nurses.

It is our goal to unite medical oncologists, urologists, radiation oncologists and other colleagues involved in GU oncology at this 10th BMUC meeting, as we are all working together to offer the best treatment options to our cancer patients.

We look forward to welcoming you in Brussels for an exciting high-level meeting on 24 & 25 March 2023.

Piet Ost, president of BMUC

Scientific committee
