Welcome

Dear sponsor,

BMUC strives to provide the highest level of continuing educational and professional development in Belgium within the field of GU Oncology. We can't do this without support from our partners. Your support enables us to maintain and increase the high level of knowledge and know-how we have in this country, offering the best possible continuous education to the increasing numbers of healthcare professionals.

Within this setting, we are pleased to invite you to the 13th BMUC congress – BMUC 2026 - which will take place on 27 & 28 March 2026 at the Holiday In Brussels Airport Hotel. We will have an onsite meeting without online broadcast.

This yearly event will start on Friday afternoon 27 March with interesting talks given by renowned speakers, followed by a walking dinner, offering you the opportunity to meet the experts and have face-to-face discussions, have new contacts and get back in touch with people.

On Saturday morning 28 March, different GU cancer treatments will be discussed by national and international experts in the field and the winner of the poster contest will give his/her presentation.

It is our goal to unite medical oncologists, urologists, radiation oncologists and other colleagues involved in uro-oncology at this 13th BMUC meeting, as we are all working together to offer best treatment options to our cancer patients.

We invite you to be part of this great national GU oncology meeting and sincerely hope you will join us as a partner to turn this meeting into a big success!

The BMUC Board

Urologists Wouter Everaerts, Siska Van Bruwaene, Julien Van Damme

Medical oncologists Marco Gizzi, Sylvie Rottey, Brieuc Sautois

Radiation oncologists Piet Ost, Nora Sundahl

Nuclear medicine physician Karolien Goffin
