BMUC Preceptorship Namur

Uro-oncology

Thursday 5 & Friday 6 February 2026

The Royal Snail Namur

The background of the entire page is a teal-colored microscopic image showing several cells with prominent nuclei and radiating cytoplasmic extensions, resembling cancer cells or fibroblasts.

Dear colleague,

We are pleased to extend an invitation to you for participating in the BMUC Preceptorship in Namur, taking place on Thursday 5 & Friday 6 February 2026 at The Royal Snail. This meeting on genitourinary cancers is organised by BMUC, the Cliniques Universitaires St-Luc (UCL), the Jules Bordet Institute, the Erasme Hospital, the Université Libre de Bruxelles and the CHU Liège.

The BMUC Preceptorship targets a small group of 25-30 young physicians from various disciplines including medical oncologists, urologists, radiation oncologists and other colleagues involved in uro-oncology. By combining state-of-the-art presentations and clinically relevant cases, it provides a platform for discussion, professional development, exchange of experiences and networking.

We are delighted to welcome an important number of national and international experts for this meeting. The highly interactive and dynamic nature of the meeting will contribute to a better management of our cancer patients.

We look forward welcoming you in Namur for an exciting high-level meeting on 5 & 6 February 2026.

Marco Gizzi

Brieuc Sautois

Julien Van Damme

Chair members
